1 LeasePlan Assistance: Your guarantee for mobility!

1.1 Practical

Has your car broken down or got a punctured tyre at home, at work or on the road? Is your car immobilised due to damage from a traffic accident, fire or vandalism? Has your vehicle or license plate been stolen?

In all such situations you have but one thing to do:

From abroad: + 32-78-150 600 of +32 3 253 68 68

Always keep the following at hand:

- Licence plate number
- Exact description of the location of the breakdown
- Description of the problem

Before contacting LeasePlan Assistance, please complete the following formalities:

- **In case of an accident**, fill out the European Accident Statement in full. Have it signed by the other party. If there are any injuries, if the driver who caused the accident committed a hit-and-run or if the other party should refuse to sign the statement form, always notify the police.
- **In case of theft or attempted theft**, file a police report. If it happens abroad, make a statement to the local authorities. Upon your return to Belgium, have the police draw up a report immediately.

3.5 Tips & Advice

- In case of accident, always complete a European Accident Statement signed by all parties or a police report.
- Always report theft of the licence plate or the car to the police. If abroad, do so to the local authorities and when you return, report it also to the police in Belgium.
- Accident Statement forms (if your insurance coverage is via LeasePlan) can be reported via My LeasePlan together with some clear pictures of the damage.

3.6 General comments

If the local authorities abroad require you to use a roadside assistance service other than LeasePlan Assistance (e.g. on French motorways), LeasePlan Assistance will reimburse the local assistance and/or towing costs up to a maximum of 400 euro.

3.7 Exclusions

- If your car can still be driven, or if you could have gone to a garage on your own, LeasePlan Assistance does not provide any help (except if you are abroad).
- If your car was damaged in the course of a contest in which you were taking part, you cannot call upon the services of LeasePlan Assistance and the damage will not be covered.
- Any service not requested from LeasePlan Assistance will not be reimbursed (with the exception of local breakdown assistance and towing while abroad).
- If your vehicle is not insured for material damage via LeasePlan, you must pay the towing costs in the event of a breakdown in Belux. You may be able to recover these costs via your insurer.
