

LeasePlan
SMALL FLEET

LeaseMe Easily

Lease your way to ownership.
It couldn't be easier.

We know that small fleets bear a heavy load when it comes to building a business, so we've created some great small fleet leasing solutions to get you on the right track.

LeaseMe Easily is a non-maintained finance lease and is the simple way for businesses with small fleets to own the vehicles they've been leasing at the end of the lease. It works like this. We retain ownership over the agreed lease term, then, once the final payment has been made, the vehicles are all yours.

8 ways we make it so easy

- It's a Finance lease – with tax-deductible lease payments, so there's no initial lump sum or deposit
- You own the vehicle following payment of the final monthly instalment and the balloon payment
- Monthly payments can be arranged to suit your cash flow requirements by adjusting the final residual value payment at the beginning of the lease
- You can take advantage of our great fuel discounts and we'll help you manage your fuel cards and usage
- Direct Driver Support and Roadside Assistance – 24/7
- Monthly fleet reporting helps you to optimise your vehicle usage
- The option of our comprehensive LeasePlan insurance and accident management.

Pro Tip

Fuel reports can only be provided to those customers that also take advantage of our fuel discounts and management services.

Fuel, road user charges and registration

Your new vehicle is delivered to you with a full tank of fuel and, if it is a diesel vehicle, with road user charges. It will also have a current registration, the charges for these services will be included in your first monthly invoice.

Monthly fleet reporting

Our monthly reports give you easy access to the information you need for better fleet decisions and cost controls. We can send these reports to whichever email address you choose. The information itself can be viewed in Microsoft Excel or as a PDF. You can choose to receive any or all of the following:

- Fleet inventory
- Fuel fills
- Fuel exception.

Optional LeasePlan Insurance for extra protection

LeasePlan Insurance is easily the best way to streamline your Small Fleet insurance and accident management needs. It makes so much sense because we know your fleet inside out, we have a comprehensive accident management program, and it makes good business sense for us to help keep your fleet costs as low as possible. Ask us about including LeasePlan Insurance for your Small Fleet.

How your Small Fleet LeaseMe Easily works

No initial lump sum

You make regular payments throughout the term of the lease period.

Balloon payment

This is the agreed final amount you pay at the end of the lease. It's commonly referred to as a balloon payment or the residual value of the vehicle.

Once this is paid, we'll transfer ownership to you.

Sale on behalf

If you don't want to keep your vehicle at the end of your LeaseMe Easily lease, you can ask us to sell it on your behalf for a fixed fee. We'll arrange to collect the vehicle and do the initial assessment and preparation before finding a suitable sales channel.

Terms & conditions apply.

Pro Tip

Monthly payments can be arranged to suit your cash flow requirements by adjusting the final residual value payment at the beginning of the lease.

Pro Tip

Our fuel cards have no card or transaction fees saving you even more when you get industry leading discounts while you lease with us.

Easily the best way to own

Huge savings on fuel and fuel card management

With LeaseMe Easily, we provide you with fuel cards with no card transaction fees and you get industry leading discounts for the entire length of your lease.

What's more, our online Fleet Reporting application lets you analyse your fuel usage to consolidate fuel efficiency for all your leased small fleet. You can quickly identify poor fuel performance, inaccurate odometer readings and unwarranted usage.

Direct Driver Support and Premium Roadside Assistance

Our Direct Driver Support includes 24/7 Roadside Assistance and 24/7 access to LeasePlan driver support nationally. Our experienced Customer Service Team can help you with glass repairs and roadside assistance.

Contact them on **0800 532 737 (0800 LEASEPLAN)** or via email at **contact@leaseplan.co.nz**.

Sale on behalf

For a fixed fee you can hand over the responsibility of selling your vehicle(s) to LeasePlan. Our dedicated vehicle Remarketing Team will arrange the collection of the vehicle, a condition assessment and preparation before allocating the vehicle to an appropriate sales channel.
