

ACQUISITION

The Right Assets, at the Right Time

LeasePlan works with you to identify, secure and acquire the trucks, trailers, equipment and warehouse assets that you need. We'll optimize savings based on the latest model-year or equipment releases, while also adhering to your specific requirements. By leveraging our extensive manufacturer relationships — and purchasing power — we're always looking to optimize your fleet's budget and ensuring that you're using the right trucks and equipment for your business.

Any Asset, Any Time

Trucks

**Robotics /
Automation**

Trailers

**Warehouse & DC
Equipment**

Forklifts / MHE

**Conveyor /
Racking Systems**
