# Control Unpredictable Costs

Take control of your fleet's fuel expenses using LeasePlan's Fuel Management program. Fuel prices are unpredictable but managing the expenses and having the visibility to costs and data gives you the tools and resources needed to proactively manage a necessary expense of your fleet costs.

## With LeasePlan you get:

- + Secure purchasing tools — each fuel card comes with a secure PIN to help you limit abuse and fraud
- + Nationwide usage of fuel cards
- + 24/7 assistance for lost or stolen fuel cards
- + Custom controls to limit unauthorized purchases at the pump
- + Mileage data entered at the pump or POS for other critical aspects of managing your fleet
- + Bulk fueling capabilities
- + Mobile fueling
- + Alternate fuel sources (Hydrogen, CNG and EV)
