LeasePlan publishes 2021 Annual Report

Amsterdam, 23 March 2022 – LeasePlan Corporation N.V. today publishes its 2021 Annual Report. The full 2021 Annual Report can be viewed [here](#).

Featuring market insights, infographics and videos, LeasePlan's 2021 Annual Report provides detailed information on the company's financial performance in 2021, as well as highlights from our new 'Driving to Zero' sustainability strategy.

Tex Gunning, CEO of LeasePlan, said:

"LeasePlan began 2022 with the big news that we signed a Memorandum of Understanding to join forces with ALD.¹ We believe the combination will be beneficial for our customers, people and partners as we bring together the best talents in leasing with the investment power needed to drive the growth and transformation of the mobility market. The announcement comes on the back of an excellent year for LeasePlan, as we returned to pre-pandemic fleet growth and delivered a record-breaking underlying net result of EUR 763 million. Going forward, I am very excited about the potential of our business and our industry as a whole. By joining forces with ALD, we would be in an even stronger position to build on our legacy of innovation and move the market decisively towards subscription models and zero emission mobility."
